MILTON
CULTURAL WORK
SAWYER & Co.
 Manufacturers of Reapers, M
 Mowing Machines,

TO THE FARMERS
WE take great pleasure in our sincere thanks

have been accorded us in the past, and hope, by manufacturing more efficient means, and more intelligent dealing, to merit no less a reward. But, by a large increase of sales throughout the country, we are enabled to afford our machines on their merits only, satisfied to abide by the rational comparison of their cost brought into competition by our makers.

We have all articles of our make, and of superior to most in the country, and we are sure that he who has satisfied himself among those who have used us, and by personal examination, of the simplicity, strength, durability, weight, proper adjustment of the materials, and first-class workmanship, will compare with any others offered for sale in the Dominion of Canada. Our machines are made to replace the worn machine,
